EMERGENCY COMMUNICATION

If you have an emergency and cannot get through to Day Camp on the phone, call the Retreat Center at 570-595-7505 x1 or 800-822-7505 x1 and ask if they will be able to contact Day Camp by radio.

Please rest assured that in the event of a communications breakdown such as a power outage, regional crisis, or national incident, we are doing everything in our power to care for your child.

HEALTH CARE AND ACCIDENT INSURANCE

Camper Health Form – This is a significant form that we need to help ensure your son/daughter's well-being during their time at camp. The *Health Form* includes emergency contact information and health related information.

Health and Safety policy- *A completed health form and a parent agreement is required for your child to participate fully in camp.* The health form provides us with information required to care for your child and the parent agreement gives them permission to participate; both must be signed and fully completed.

- **If it is not completed online, please bring the Camper Health Form with you on the first day of camp.**
- You may attach a copy of your child's immunization records and of both sides of your insurance card.
- You are responsible to provide health and safety updates after the form has been handed in. Updates include changes in your child's health, emergency contact information, adults permitted to pick up your child, and any other information that would help us in caring for your child.

Health Care at Camp- Day Camp staff members are trained in CPR and First Aid. A certified lifeguard will be present during any swim time. In addition, 911, hospital and clinic services are available as needed with an approximate 20-minute response time.

Medications at Camp- Please contact the Day Camp Manager or the Day Camp Nurse regarding questions or concerns about medications.

Accident Insurance- The camp carries a limited accident insurance. If your child needs treatment and you have insurance, your coverage will be applied first. If your policy does not cover the full bill, you should inform us. Our coverage can be applied towards all uncovered expenses.

STAFF SCREENING AND TRAINING

Staff Screening- Each staff person at Spruce Lake Day Camp is carefully screened. We require each summer staff to go through the application process annually, even if previously hired. We review applications, screen at least three confidential references, review employment/education history, and conduct personal interviews. All potential staff members are required to sign a voluntary disclosure statement giving us permission to complete background checks with the National Sex Offender Registry, SS trace to verify address, and the National and County/State criminal history check for those we are seeking to employ.

Staff Training- All staff are required to attend a summer staff training event that covers both general subjects and subjects specific to their roles. Our general training involves sessions on Health and Safety, Risk Management, Age Group Characteristics, Organizational Mission, Supervision and more.

Day campers may deposit spending money into the "camper bank" (computerized 'bank card' system to record purchases.)
