### What to Bring

Because you are packing for a back country camping experience **one very important concept is to avoid using cotton and denim clothing.** Cotton becomes heavy, uncomfortable, and does not insulate when it is wet. Cotton should be particularly avoided in socks, shorts, underwear and outerwear. Look for material names like wicking, Quik-Dri, Merino Wool, Cool Max, Capilene, Therm-a-silk, Techwick, and Poly-pro.

**Do not overspend for this trip.** Most of the items are common and ones that you probably already have or, could easily borrow. Two bargain camping stores are Campmor: [www.campmor.com](http://www.campmor.com) and Sierra Trading Post:

[www.sierratradingpost.com](http://www.sierratradingpost.com). EMS, LL Bean, and REI are also great stores for outdoor clothing and gear but tend to be a bit more expensive.

**Remember, please label all clothing & personal items so that lost items can be returned to you.**

Because you don't know for sure what you will be doing this week, you want to make sure you are prepared for any possible activity. Some of the items on this list **\*might\*** be needed to help your group solve puzzles or clues. Camp will have a few extras if you forget or can't find something.
